

COURSE OUTLINE

LV Panel and CPR

Course Details:

This course covers the responsibilities of management, work health and safety officers, tradespersons and emergency response teams in the performance of rescue procedures from live Low Voltage (LV) Apparatus, not including overhead lines and underground cables in the work place as well as contribution to risk management processes at all operational levels.

The course consists of real life practical skills and knowledge delivered to allow the participant to be assessed as competent in the performance of cardiopulmonary resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) guidelines.

Participants completing this course will be provided with the skills and knowledge to manage a casualty involved in rescue from a live LV panel including where a casualty requires CPR until emergency services arrive.

Entry requirements:

An individual undertaking this course with Risk Management Training Solutions (RMTS) will need to demonstrate the following to be eligible for entry:

-  Have access to appropriate Personal Protective Equipment (PPE)
-  Sufficient English language, literacy, numeracy and visual interpretation skills to successfully complete this course.
-  Physically capable of performing uninterrupted CPR for at least 2 minutes on an adult CPR manikin placed on the floor.

If you have poor mobility or a current injury, please discuss this with us prior to booking.

Unique student identifier (USI):

Any individual undertaking nationally recognised training will need a USI in order to receive their Qualification or Statement of Attainment. If you do not have a USI, you will not receive your Qualification or Statement of Attainment. A USI will give you access to an online record of any training you have completed since 1st January 2015. All individuals will be required to either apply for or provide a valid USI number on enrolment. Application for a USI number can be made directly through the USI website: <https://www.usi.gov.au/about> or via our website link.

If you require assistance in creating your own USI, please contact RMTS on 07- 5455 5451

Licensing, legislative, regulatory or certification considerations:

The skills and knowledge described in this unit may require a licence/registration to practice in the work place subject to regulations for undertaking of electrical work.

Practice in workplace and during training is also subject to regulations directly related to Occupational Health and Safety, electricity/telecommunications/gas/ water industry safety and compliance, environmental protection, anti-discrimination and training.

Commonwealth, State/Territory or Local Government legislation and regulations may exist that limits the age of operating certain equipment.

ESI employees are required to maintain currency in this Unit for authorisation/approval to work on ESI Networks

Pathways into the course:

Participants may enter this course through a number of entry points, and must be able to demonstrate the potential to undertake vocational education and training at this course level, such as:

-  Participant direct enrolment
-  Employer enrolment (part of your role)
-  Requirement for entering the industry

Pathways from the course:

After achieving the LV Panel/CPR course, participants may undertake further study to achieve a range of qualifications relevant to their role, such as:

-  HLT21020 - Certificate II in Medical Service First Response
-  UEENEEE001B - Apply OHS practices in the workplace

Course Delivery:

This course will be delivered in the workplace or at RMTS training facilities.

Duration:

Full course: 1 day (6 hrs)
Refresher course: 4 hours

*Industry standards for refresher training vary from state to state. Most states recommend refresher training for this unit every 12 months.

Course Structure:

As part of this course the following unit competencies will be delivered:

- **HLTAID001 - Provide cardiopulmonary resuscitation**
- **UETTDRRF06 - Perform rescue from a live LV Panel**

Pre-requisites:

The following pre-requisite units are required to be completed prior to commencing the relevant unit of competency:

| Unit of Competency | Pre-requisite Unit |
|--|---|
| UETTDRRF06 - Perform rescue from a live LV Panel | HLTAID001 - Provide cardiopulmonary resuscitation |

Further details of unit pre-requisite requirements will be provided at enrolment and on course commencement.

Assessment requirements:

Individuals undertaking this course will be expected to complete both written and practical assessment tasks.

Inclusions:

-  Practical hands-on training delivered by industry experienced trainers.
-  Knowledge on relevant legislation and Australian Standards.
-  Recommendations and advice for specialised PPE and equipment for your particular workplace
-  Advice on risk control methods for the type of work to be undertaken.
-  Participants will be placed onto our register to receive a reminder when Certificates are about to expire and due for renewal. This service is provided by RMTS to assist participants to stay current.

Course fees:

The fee for this course is **\$110 per person**

No Statement of Attainment will be issued until full and final payment has been received.

Payment methods:

RMTS have eftpos facilities available, or payments can be made by direct deposit or cash. For larger organisations seeking training options, RMTS offer purchase orders.

Refund policy:

- A full refund will apply where RMTS cancels the course prior to commencement.
- A full refund of the course fees paid will apply where the participant withdraws in writing 14 days or more prior to the course commencing.
- 75% refund of the full amount of course fees paid where the participant withdraws in writing less than 14 days but more than 7 days prior to the course commencing.
- 50% refund of the full amount of course fees paid where the participant withdraws in writing less than 7 days but more than 3 days prior to the course commencing.
- No refund where the participant withdraws less than 3 days prior to the course start date or after commencement of the course unless special circumstances apply. Evidence must be submitted e.g. Medical Certificate

A full copy of our refund policy can be downloaded from the website.

Course completion:

On successful completion of all unit requirements, participants will be issued with nationally recognised Statement of Attainment for:

- **HLTAID001 – Provide cardiopulmonary resuscitation**
- **UETDRRF06 – Perform rescue from a live LV Panel.**

Participants who do not complete all requirements of the course will be issued with a Statement of Attainment for the unit completed successfully.
